Hi Sir Ronald,

Thank you very much for the approval to purchase the Maxicare computer units. We will proceed with the acquisition immediately.

Regarding your inquiry about the data on the hard drives: Since these computers are assigned to Maxicare Underwriting & Employee Fulfillment personnel (who are EquiServe employees) and contain data essential for their day-to-day URG transactions, we suggest that a **data wipe is not necessary**. The data is currently in active use.

To process the payment, we kindly request that you provide us with the official Sales Invoice.

Regards,
Ramil

Hi Ramil and Jun,

The Finance and CIT were aligned and approved for the buy out of the unit based on Equicom Fair Market Value.

Just one inquiry, what will be the process of the existing data on the harddrives of each unit which the current URG is still using?

Hi @Francis Joseph Lloret, requesting for Finance or accounting to issue a request for payment to equicom to proceed and complete this transaction.

Thanks a lot.

Regards,

Hi Ramil,

We are almost done with the Finance assessment.

We will inform you the final book value tomorrow.

FYI @Jun Yap and @Eileen De Guzman

Happy new year. Thank you.

Regards,

Hi Sir Ronald,

I would like to follow up on the status of our request to purchase the Maxicare computer units. Could you please provide an update on whether we can now proceed with the acquisition?

Thank you for your favorable response.

Hi Sir Ronald,

I apologize for the continued follow-up regarding the purchase of the Maxicare computer units. Also we would like to know who from your finance are you talking to if possible we can help you follow-up as well. Apologies Sir we wanted this to close ASAP, so we can update our inventory and proceed with necessary maintenance and upgrades on the PCs.

Hi Sir Ronald,

Please see the attached file, which contains the estimated fair market value for the Maxicare computers currently assigned to EquiServe agents. The total estimated value is **Php 304,466.83.**

I am following up on our inquiry regarding the possibility of EquiServe purchasing these computers. Since these units are already on EquiServe premises, acquiring them will allow us to fully manage them and proceed with necessary system and hardware upgrades.

We would appreciate your favorable response so we can move forward with this plan.

Hi Ms. Eileen,

Please see the attached file. We have updated the serial numbers for the units that needed checking. Kindly provide the final fair market value assessment so we can finalize this list. Thank you in advance for your assistance.

Hi Sir Ronald,

This list contains the Maxicare-owned computers currently assigned to Equiserve agents. These agents were previously assigned to the Maxicare office. Last year, they were relocated to the Equiserve office, but the computers remain under Maxicare's ownership.

Equiserve plans to purchase these computers at the market value price provided by Ms. Eileen. Acquiring these units will allow us to fully manage them, specifically enabling us to upgrade the operating system to Windows 11 and perform necessary hardware upgrades to ensure efficient performance.

Hi Ramil,

As requested, pls see the attached FMV computation for the list you provided, except for an [E73 desktop and IdeaPad not found in our inventory](#) and one [x270 laptop belonging to ECS](#). We also [corrected some of the serial numbers](#); kindly double-check that these match the units that are with you. (Refer to those in **red font** in the attached file.)

Pls keep in mind that this FMV computation is just a guide and each entity might have its own formula to get an estimate of FMV.

Thank you,
Eileen

Hi Ramil,
Could you please send Ronald the inventory list of Maxicare-owned computers (laptops and desktops) that were deployed to Equiserve employees? These are the units that were in use when the URG was managed and operated by Maxicare.

Since the URG has now been turned over long ago to Equiserve, we are responsible for providing end-to-end services, including computer support and maintenance (e.g., CrowdStrike, EndpointCentral).

Additionally, please send a separate copy of this list to Eileen so she can provide a fair market value assessment. Once we have that, I would like to discuss with Ronald from CIT the option of Equiserve purchasing these computers. I already spoke with Ronald last week about this possibility.

Thanks,
--
Thank you
